## Manager Self-Service Overview

---

There are several different dashboards/portals when working in the HCM System. This guide will focus on Manager Self Service (MSS).

The HCM System provides a Manager Self Service (MSS) Portal designed to assist administrators, managers, and other designated staff with the ability to:

- Enter Time or submit Absence Requests on behalf of employees at their school or work location.
- View employees' submitted Time, Absences, Absence Balances, etc.
- Access an at-a-glance view of their school or work location's scheduled employees, requested absences, schedule deviations, etc.
- Locate and view personal and employment data for their location's employees.
- Create job requisitions in the HCM System's Talent Overview program, Taleo.
- Request new and make changes to existing positions.
- Access the School Budget Planning Tool.

When it comes to Time and Absence, there are two levels of approval: Level 1 Reviewers and Level 2 Approvers. Level 1 Reviewer and Level 2 Approver access applies only to the Time and Absence workflow in MSS.

Time/Absence and Payroll require a Reviewer and a Final Payroll Authorization Approver.

Reviewers are considered to be Level 1 approvers, and may include employees such as:

- Administrative School Secretaries and Office Managers at a school, department secretaries, location managers or supervisors.
- Employees who have staff who "report to" them as identified in the system's organizational structure. For example, at a school, all employees report to the Principal, so by default, the Principal will have Level 1 Approver rights.

Final Payroll Authorization Approvers are considered Level 2 Approvers. These are Administrators such as Principals and Department Directors.

Reported Time (such as Overtime and Comp Time Earned) and Absence Requests (such as Personal Illness or Vacation) are routed to the Reviewer for initial approval. The Final Payroll Authorization Approver must submit the Reported Time or Absence Requests to Payroll.

It should be noted that, in many cases, a principal, director, or other administrator will be assigned Level 1 rights, as they have employees who report to them, AND Level 2 rights as the Final Payroll Authorization Approver.

There will be an Add-On Form available at [support.ccsd.net](https://support.ccsd.net) in order to request elevated access for eligible users if necessary. (A more detailed explanation of the Standard Roles in the HCM system is available on the [CCSD Employee Business Training](#) website.)

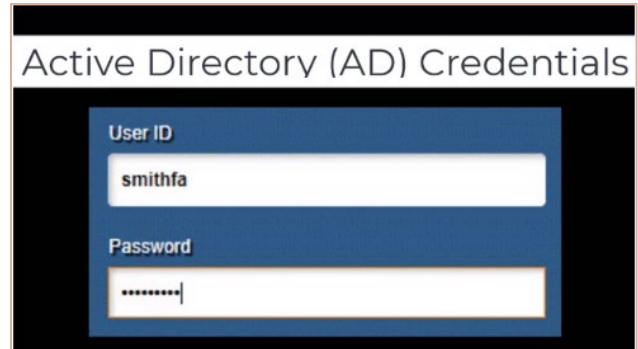

## Navigating in Manager Self-Service

### Accessing the HCM system

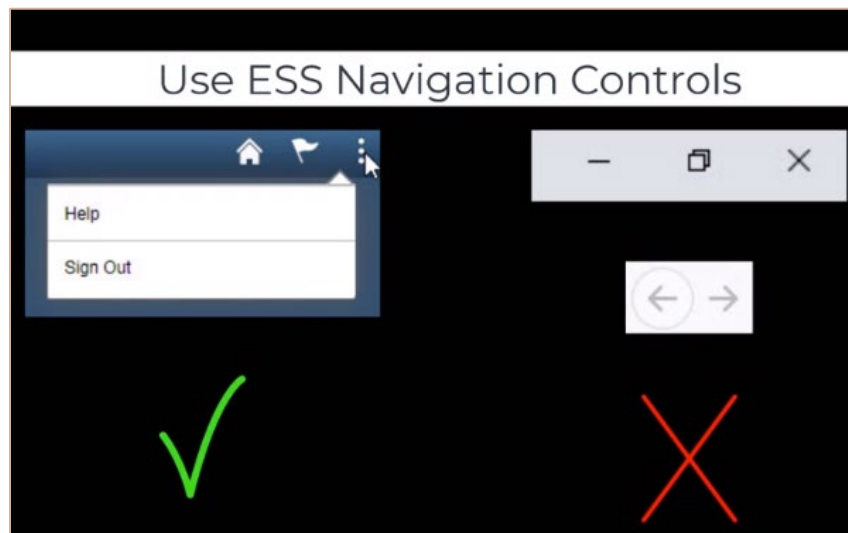

The HCM system provides an Employee Self Service (ESS) portal for CCSD employees as well as the Manager Self Service (MSS) portal for administrators, managers, and reviewers. The system can be accessed via the HCM icon on the desktop or by going to [hcm.ccsd.net](http://hcm.ccsd.net).

The HCM system is compatible with Mozilla Firefox, Google Chrome, and most mobile browsers. All employees use their Active Directory (AD) credentials to access the system.

An important thing to remember when using the HCM system is that, when navigating throughout the system, end users should always use the navigation buttons provided within the system, not within the browser.

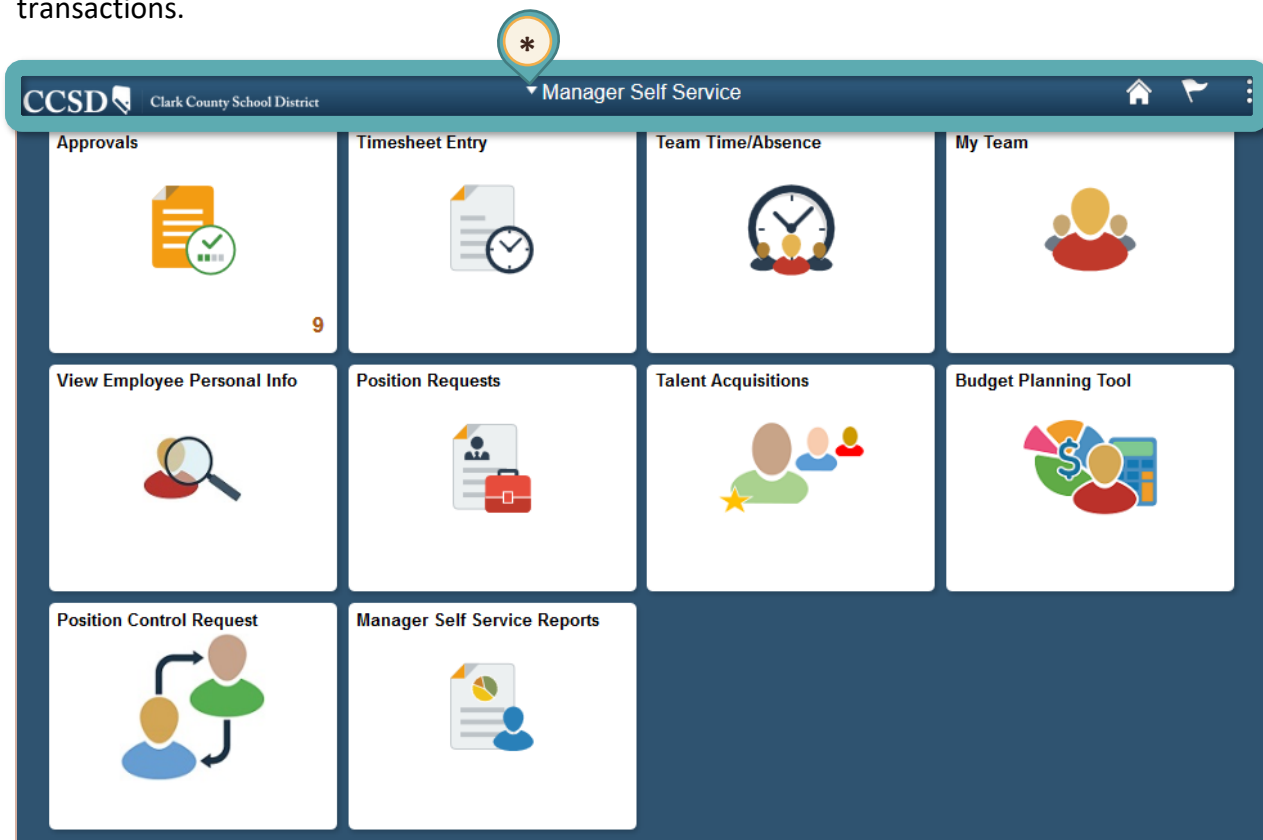

## The Banner

The Banner provides constant access to the navigational and application features.

A home page/dashboard is a PeopleSoft page that combines related information and displays tiles. PeopleSoft HCM supports multiple home pages/dashboards for managers, timekeepers, and employees that provide users with quick access to role-based transactions. Employees with Manager Self Service access will automatically be brought to the Employee Self Service (ESS) homepage after logging in. When multiple home pages/dashboards are present, use the drop-down on the banner to select a home page/dashboard.

Use the **Manager Self-Service** home page/dashboard to access a variety of manager self-service transactions.

### **IMPORTANT!**

PeopleSoft is a web-based program that can change. These updates might change the look of some of the images and/or directions in this document.

## Home Button

Click the **Home** button from any page/screen to return to the dashboard.

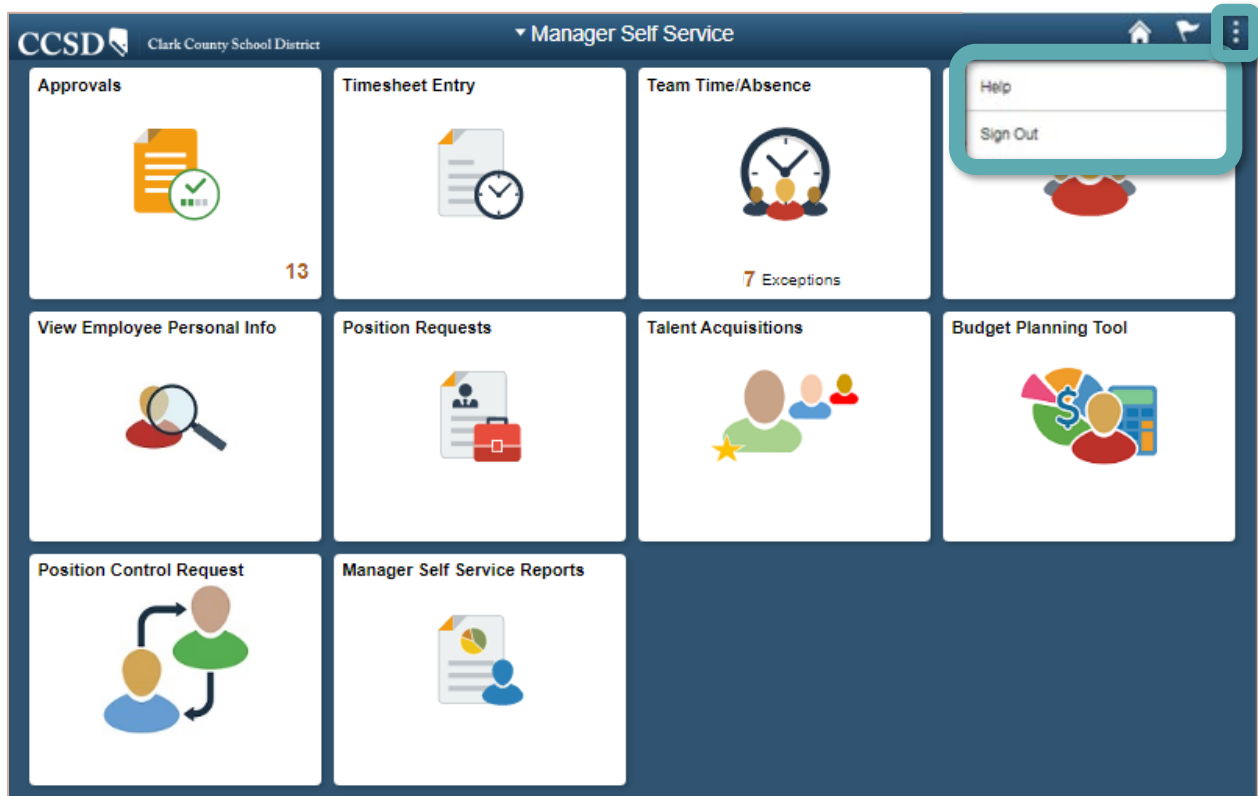

## Notifications Button

Clicking the flag icon will display any notifications, such as information regarding absence/time approval.

## Actions List Button

The **Actions List** (3 vertical dots) displays a list of actions the employee can perform. **Help** and **Sign Out** are standard actions in the list; however, other options may appear when visiting a transaction page. The **Help** option links to the [CCSD Employee Business Training](https://training.ccsd.net) website (training.ccsd.net) where additional information and videos can be accessed. The **Sign Out** button should always be used instead of closing the entire browser window to ensure the session is properly exited each time.

## Tiles

Tiles provide access to transactional pages in **Manager Self Service**. Below are the tiles on the MSS home page/dashboard.

The **Approvals** tile provides access to the following functions:

- Absence Requests
- Reported Time
- Cancelled Requests

The **Timesheet Entry** tile provides access to the following function:  
Entering Reported Time on behalf of an employee

The **Team Time/Absence** tile provides access to the following functions:

- Report Time – Daily view
- Weekly Time Summary
- Payable Time
- Comp Time Balances
- Request and Cancel an Absence on Behalf of an Employee
- View Requests and Absence Balances
- Workforce Availability

The **My Team** tile provides access to the following information:

*(Note: Tile will only display information for users who have employees that report to them in the system's organizational structure.)*

- Summary Information
- Compensation Information
- Leave Balances

The **View Employee Personal Info** tile provides access to the following information:

*(Note: Tile will only display information for users who have employees that report to them in the system's organizational structure.)*

- Home and Mailing Addresses
- Email Addresses
- Phone Numbers
- Emergency Contacts
- Birthdays

The **Position Requests** tile provides access to:

Request new positions  
*(departments/regions year round, schools-off cycle only)*

The **Talent Acquisitions** tile provides access to **Taleo (Talent Management Suite)** to:

Create requisitions  
Screen candidates  
Make job offers

The **Budget Planning Tool** tile will link authorized users to the **Planning and Budgeting Cloud Service (PBCS)** login page to access the CCSD School Budget Planning tool.

The **Position Control** tile provides access to:

Manage current positions at the location  
*(departments/regions year round, schools-off cycle only)*

The **Manager Self Service Reports** tile provides access to:

Pre-made queries such as Sub Timesheets to Approve

**IMPORTANT!**

Throughout the HCM system, there are often multiple ways to complete different tasks. The methods shown throughout this guide are considered best practices in MSS, especially when requesting absences, reporting time, etc. Because of this, not all features available on each page will be addressed.

## Approvals Tile

Select the **Approvals** tile from **Manager Self Service** to display this page. The number in the bottom right corner indicates the total number of pending approval requests.

## Approving Absence Requests

Approval requests can be sorted by selecting an option from the **\*View By** drop-down list if desired.

**Type** (default) will list all pending approvals by either absence request, reported time, or cancel absence in the left side panel.

**Date Routed** will list all pending approvals by the week in the left side panel and in order of the routed date from oldest to newest.

**From** will list all pending approvals by the name of the person who created the request in the left side panel. Once a name has been selected, only requests created by that person will be displayed.

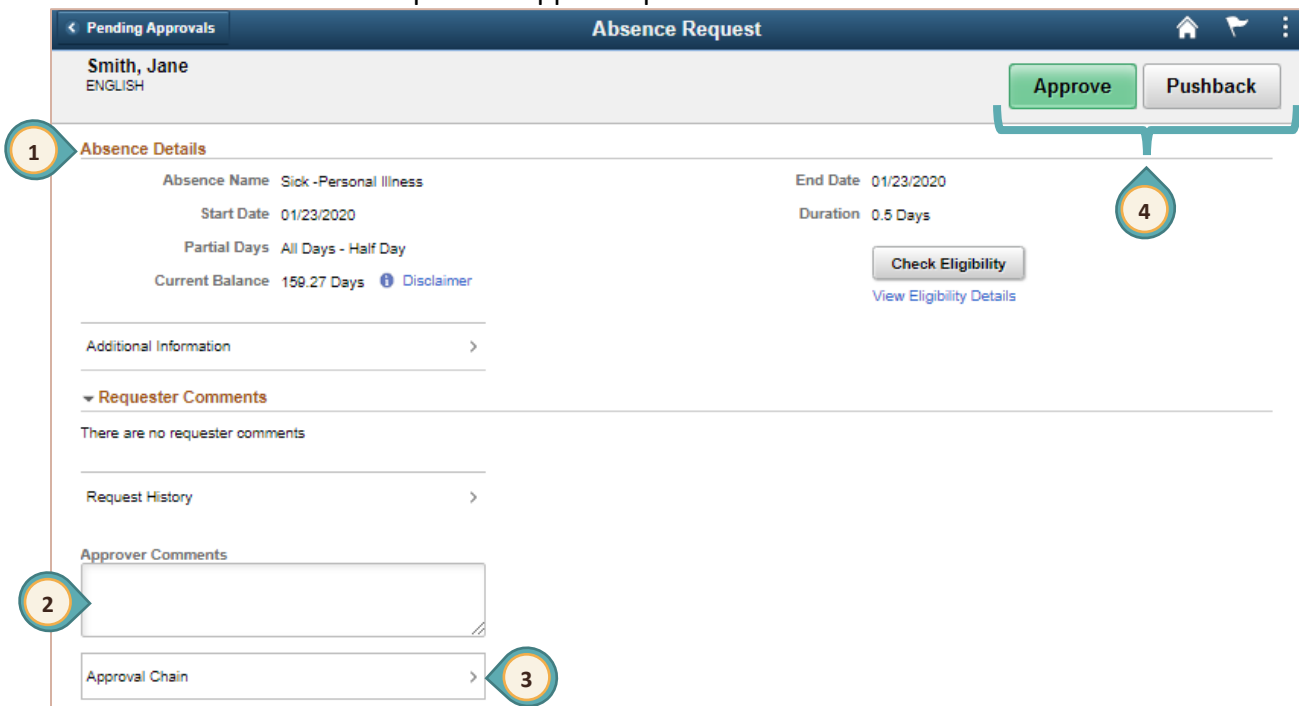

**Requester** will list all pending approvals by the affected employee in the left side panel. Once a name has been selected, only requests for that employee will be displayed.

A filter option  can be selected to filter the list by Type, Requester, From, or Date Period if desired.

Click the **Absence Request** link from the left side panel, to display only absence requests. To review and approve an individual absence, click the > right arrow, which is located on the right side of the page. After the arrow has been selected, the **Absence Request** details page will display.

1. The information can be reviewed for accuracy. Information displayed includes the **Employee's Absence Details** (including Partial Days), **Current Balances**, **Eligibility**, **Additional Information** (including FMLA coding), **Requester Comments** (if any), and **Request History**.
2. *Optional:* Enter any **Approver Comments**. (Comments can also be added in the next step.) **Note:** Comments are viewable by the employee and any users with access to the Absence Request. Comments cannot be modified or deleted once entered.
3. To review the approvers in the **Approval Chain** for this absence, click the > right arrow. The **Approval Chain** displays the request's **Absence Approval Paths**, any **Approvers** involved, and the status of each step of the approval process.

4. Select either **Approve** or **Pushback** using the buttons in the upper right corner.
  - a. When the **Approve** button is selected, the following page will display.

Enter any **Approver Comments** regarding the approval of the absence.  
Once comments have been entered, click the **Submit** button.

If approved by a **Level 1 Reviewer**, the request is routed to the **Level 2 Approver**.  
If approved by a **Level 2 Approver**, the request is routed to Payroll.

**Remember:** It is possible for one location to have multiple Level 1 Reviewers. If any Level 1 Reviewer screens and approves the request, it will move on to the Level 2 Approver.

Also if a Level 2 Approver, who is also a Level 1 Reviewer, approves the request first, the request will bypass the Level 2 approval review and route directly to Payroll.

- b. When the **Pushback** button is selected, the following page will display.

Enter any **Approver Comments** regarding the **Pushback** on the absence.  
Once comments have been entered, click the **Submit** button.

Clicking the **Pushback** button will route the Absence Request back to the employee (whether it was submitted by the employee or by someone else on their behalf, such as the Timekeeper). The Pushback option can be used if and when the Absence Request contains a mistake, or to communicate to the employee that the Absence Request cannot be approved at this time (such as accounting for minimum staff coverage).

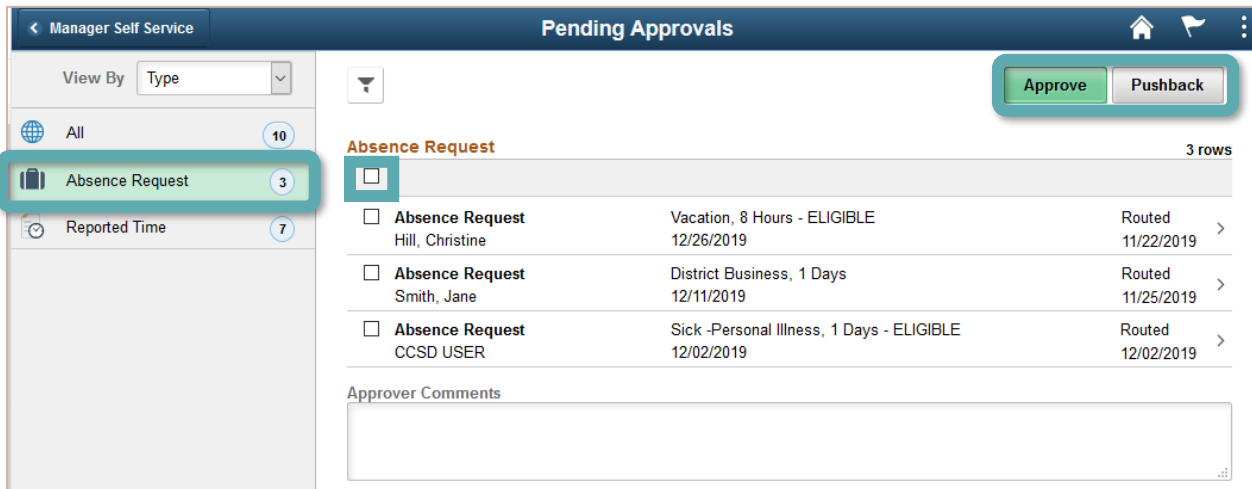

**Remember:** Comments are viewable by the employee and any users with access to the Absence Request. Comments **cannot** be modified or deleted once entered.

## Mass Approval of Absence Requests

After selecting the **Approvals** tile, click the **Absence Request** option from the left side panel. **Level 1 Reviewers** have the ability to select multiple Absence Requests at the same time. However, because **Level 1 Reviewers** are designated to view and screen Absence Requests for accuracy before approving, it is **not** recommended to use Mass Approval at the Reviewer level. ***This tool is intended for Level 2 Approver and should always be used with caution.***

After selecting the **Absence Request** option from the left side panel, the following page will be displayed. In this example, there are three (3) Absence Requests that require approval.

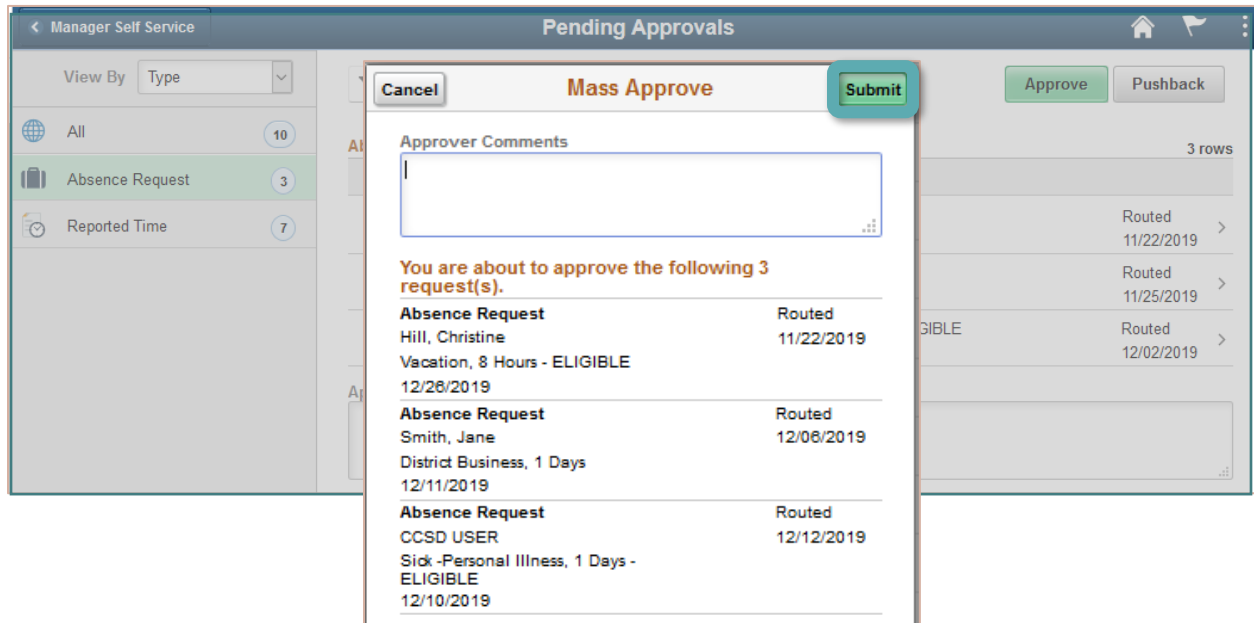

To approve all three (3) **Absence Requests**, click the **Checkbox** in the top gray bar and click the **Approve** button. (Comments can be entered in the **Approver Comments** field on this page or the next.)

If an employee's absence needs be corrected, the Absence Request must be returned to the employee. To do this, select the checkbox by the employee's name, then click the Pushback button and enter comments, if desired.

Enter any comments in the **Approver Comments** field if not done on the previous page. (When mass approving requests, the same comment is used for all approved requests.)

**Remember:** Comments are viewable by the employee and any users with access to the Absence Request. Comments **cannot** be modified or deleted once entered.

Review the absences to be approved. Click the **Submit** button to finalize the approval.

After clicking the **Submit** button, the Absence Requests will no longer appear on the page and a notification that the transactions have been approved will be displayed.

Once again, if these are approved by a Level 1 Reviewer, the request is routed to the Level 2 Approver. If approved by a Level 2 Approver, the request is routed to Payroll.

**Note:** As mentioned before, if a Level 2 Approver, who also has Level 1 access, approves any Absence Request without it first being approved by their designated Level 1 Reviewer, the request will skip the Level 1 Reviewer in the approval process. Additionally, by selecting Absence Requests individually, the Level 2 Approver can click **Approval Chain** to see if their Level 1 Reviewer has approved the request.

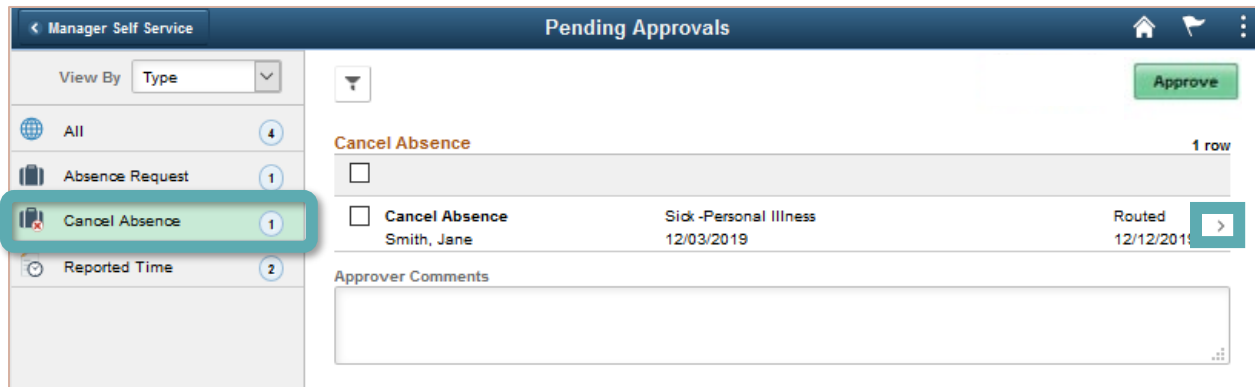

## Approving Cancel Absence Requests

If there are any Absence Requests that have already been approved and then are cancelled by the employee or Timekeeper, the cancellation of the request must go through the same approval process.

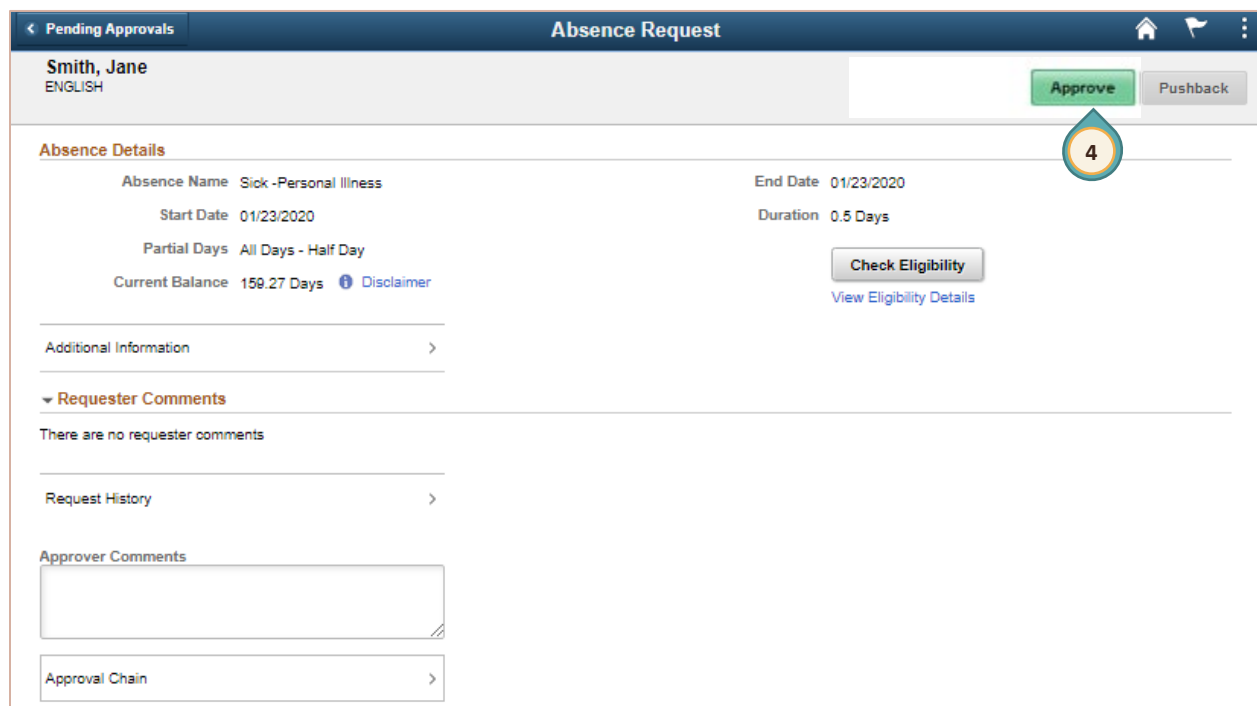

This process does not apply if the Absence Request was submitted by an employee but was never given Level 1 or Level 2 approval.

After selecting the **Approvals** tile, click the **Cancel Absence** option from the left side panel. In this example, there is one (1) **Cancel Absence** request that requires approval.

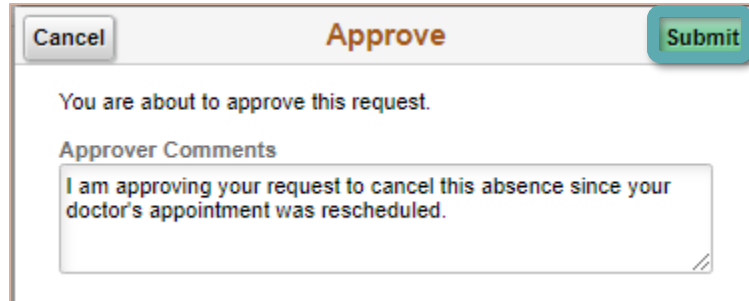

To review and cancel an individual absence, click the > right arrow, which is located on the right side of the page. After the arrow has been selected, the Absence Details page will be displayed.

Click the **Approve** button in the upper right corner.

When the **Approve** button is selected, the following window will be displayed.

The screenshot shows a dialog box titled "Approve". At the top left is a "Cancel" button, in the center is the word "Approve" in orange, and at the top right is a "Submit" button. Below the title bar, the text reads "You are about to approve this request." Underneath is a section labeled "Approver Comments" with a text input area. The text entered in the input area is "I am approving your request to cancel this absence since your doctor's appointment was rescheduled."

Enter any **Approver Comments** regarding the approval of the cancellation.

**Remember:** Comments are viewable by the employee and any users with access to the Absence Request. Comments **cannot** be modified or deleted once entered.

Once comments have been entered, click the **Submit** button.

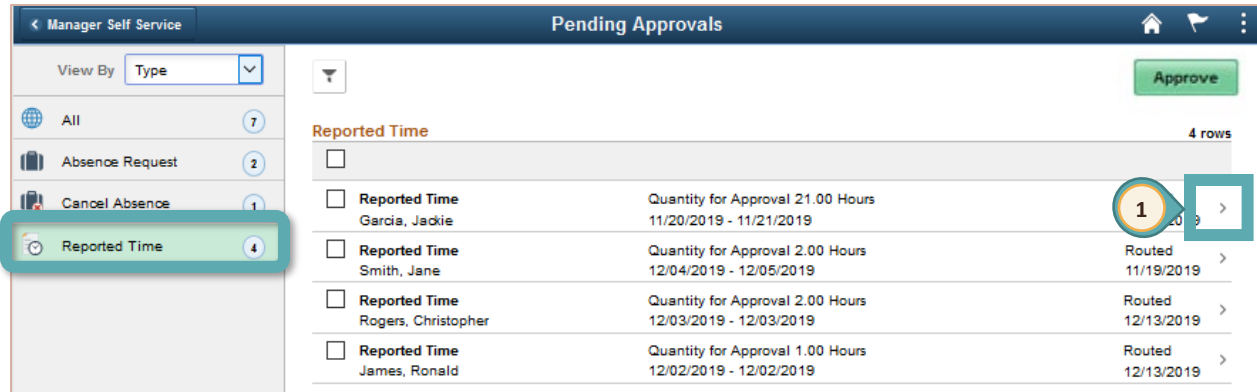

If approved by a Level 1 Reviewer or a Level 2 Approver, the request is routed back to the person who entered the absence.

Please visit the [CCSD Employee Business Training website \(training.ccsd.net\)](http://training.ccsd.net) > Resources > HCM for additional resources including the Cancelling and Re-submitting an Absence video.

## Approving Reported Time Requests

After selecting the **Approvals** tile, click the **Reported Time** option from the left side panel. In this example, there are four (4) **Reported Time** items that require approval.

1. Select the row for the employee to review the time requested.

**Note:** Refer to the figure below for the following explanations:

2. The **Summary** area displays the **Time Period** for which the time has been entered, the quantity of hours or days to be approved, the quantity scheduled, etc.
3. The **Reported Time Details** area shows the date on which the time was reported, the Time Reporting Code (TRC) used, the Quantity for Approval, etc.
4. If multiple TRCs and/or dates were reported in the same **Time Period** (i.e., two days in the same work week), each TRC and/or date will display as its own individual row. In the example below, a Support Professional employee has reported two (2) hours of Overtime for one day, and three (3) hours of Comp Time Earned on the next. This appears as two different rows.

As another example, a teacher may have reported 15 minutes (.25 hours) of **Extra Minutes (ADDMS)** during each day of the work week, which will display as five different rows.

5. Select the record(s) to approve by clicking the **Checkbox** which appears to the left of the date(s).
6. Enter any **Comments** in the space provided if desired.

**Remember:** Comments are viewable by the employee and any users with access to the Absence Request. Comments **cannot** be modified or deleted once entered.

7. To review the **Approval Chain**, click the **Approval Chain** box.
8. To **Approve** the Reported Time, click the **Approve** button.

Once approved by the Level 1 Reviewer, if the Reported Time does not have an alternate funding source (and therefore is coming from the employee's job location's funding), the Reported Time will be routed to the Level 2 Approver for the site (e.g., the School Principal).

**Note:** If the Reported Time has an alternate funding source (and therefore is coming from a different location's funding), then the Reported Time will be routed to the Level 1 Reviewer and the Level 2 Approver for that site to enter or verify that the appropriate combination code has been applied.

9. If time is not being approved for the employee, the Level 1 Reviewer or the Level 2 Approver can make adjustments to the Reported Time on the timesheet. Comments can be entered, if desired.

The screenshot displays the 'Reported Time' interface for Jackie Garcia, an Office Spec II. The interface includes a summary section with the following statistics:

- Time Period: 11/20/2019 - 11/21/2019
- Quantity for Approval: 21.00 Hours
- Quantity Submitted/ Approved: 0.00 Hours
- Quantity Denied: 0.00 Hours
- Quantity Scheduled: 16.00 Hours
- Quantity Reported: 21.00 Hours

Below the summary is a 'Reported Time Details' section with a table of 2 rows:

Select	Report Date	Time Reporting Code	Quantity for Approval	Reported for Date / Scheduled for Date
<input type="checkbox"/>	11/20/2019	REG - Regular Hours	10.00 Hours	10.00 Hours / 8.00 Hours
<input type="checkbox"/>	11/21/2019	CTE - Comp Time Earned	11.00 Hours	11.00 Hours / 8.00 Hours

At the bottom of the interface, there is an 'Approver Comments' text area and an 'Approval Chain' dropdown menu.

Numbered callouts in the image point to the following elements:

- 2: Summary section
- 3: Reported Time Details section
- 4: Table of reported time details
- 5: Select checkbox in the table
- 6: Approver Comments text area
- 7: Approval Chain dropdown
- 8: Approve button

## Mass Approval of Reported Time

After selecting the **Approvals** tile, click the **Reported Time** option from the left side panel. Level 1 Reviewers have the ability to approve multiple Time Requests at the same time. However, because Level 1 Reviewers are designated to view and screen Time Requests for accuracy before approving, it is **not** recommended to use Mass Approval at the Reviewer level. ***This tool is intended for Level 2 Approvers and should always be used with caution.***

After selecting the **Reported Time** option from the left side panel, the following page will be displayed. In this example, there are four (4) Time Requests that require approval.

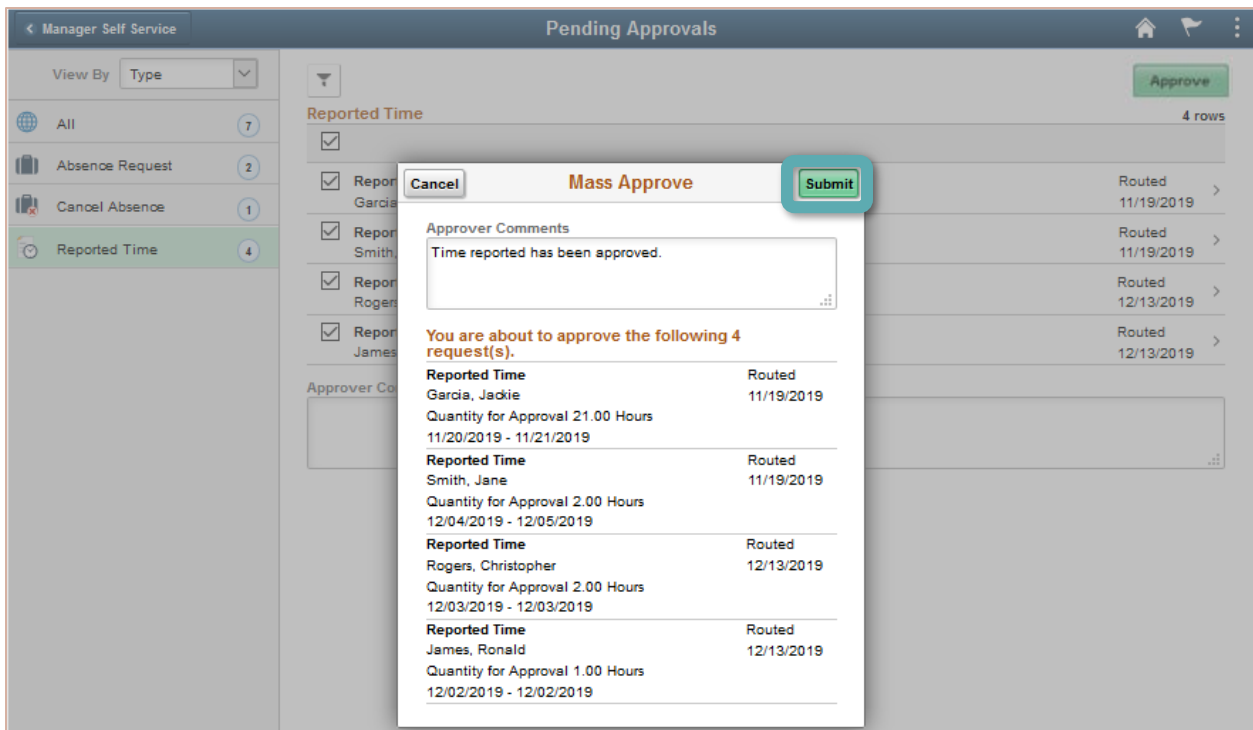

To approve all four (4) **Reported Time** requests, click the **Checkbox** in the top gray bar and click the **Approve** button. (Comments can be entered in the **Approver Comments** field on this page or the next. When mass approving requests, the same comment is used for all requests.)

If an employee's reported time needs to be changed, it can be modified directly.

Enter any comments in the **Approver Comments** field if not done on the previous page.

**Remember:** Comments are viewable by the employee and any users with access to the Absence Request. Comments **cannot** be modified or deleted once entered.

Review the **Time** to be approved. Click the **Submit** button to finalize the approval.

After clicking the **Submit** button, the reported time requests will no longer appear on the page and a notification that the transactions have been approved will be displayed.

If all absence requests and reported time have been approved, the following message will appear.

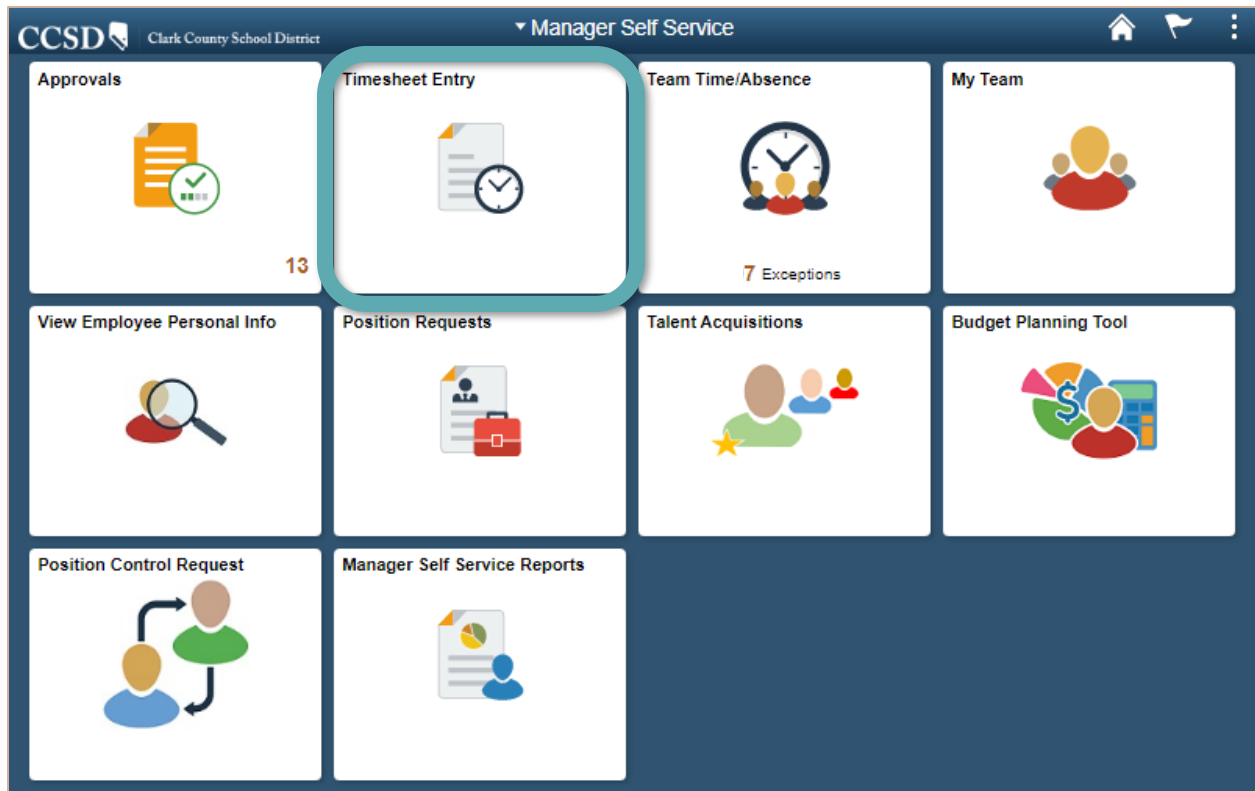

If these are approved by a Level 1 Reviewer, the request is routed to the Level 2 Approver. If approved by a Level 2 Approver, the request is routed to Payroll.

**Note:** If a Level 2 Approver who also has Level 1 access approves any Time Request without it first being approved by their designated Level 1 Reviewer, the request will skip the Level 1 Reviewer in the approval process. By selecting Time Requests individually, the Level 2 Approver can click **Approval Chain** to see if their Level 1 Reviewer has approved the request.

## Timesheet Entry Tile

The **Timesheet Entry** tile can be used by both Level 1 Reviewers and Level 2 Approvers in MSS to locate and select an employee at the location in order to enter time on behalf of the employee. Select the **Timesheet Entry** tile from **Manager Self Service** to display the page.

After selecting the **Timesheet Entry** tile, the search page will be displayed (see next page).

1. Search for employees by criteria such as **Last Name**, **First Name**, **Employee ID** or **Location Code**.

**Note:** Select the magnifying glass icon next to any of the selection criteria to search and select an appropriate value for that field. A value must be present in at least one field in order for a search to return results. It is recommended to use the **Location Code** along with at least one other search criteria.

2. After entering the desired criteria, click the **Get Employees** button to search. The search results will display beneath the search area at the bottom of the page.

Employees with multiple jobs will be listed multiple times. The **Empl Record** column will display “0” for the primary job. (A job 2 would be displayed as Empl Record “1,” a job 3 would be displayed as Empl Record “2,” and so on.)

The Demographics tab displays information related to the specific job such as job code, department, workgroup, location code, reports to, etc.

3. Click the employee's **last name** to open the timesheet record for that employee.

4. The **Select Another Timesheet** area can be used to change the view of the Timesheet, and allows a different date or week in which to view the Timesheet to be selected.

5. The Timesheet shown will display any time that may have been reported by or for the employee in the timeframe given.

In this example, a certified teacher worked one hour of Extra Instruction per day in a given work week. Any Absence Requests (in this case a District Business absence) that may have been submitted within this timeframe will also be seen, but they will appear as a non-modifiable row.

6. A Timekeeper, MSS Level 1 Reviewer, or MSS Level 2 Approver has the ability to modify, add, or remove time that is reported. Be sure to scroll to the right side of the page to modify any of the information entered previously or enter any additional information that is required for the transaction (such as a different location code or combination code – see step 8).

**Tip:** MSS users can view name, dept, loc and the hourly rate of pay for an employee by selecting the Job Title.

8. If necessary, in the **Location** field enter or select the **Location Code** for the site that will be funding the reported time if the time is to be paid by an alternate funding source. The **Combination Code** is used to enter the appropriate budget coding to ensure that the time is paid by the correct funding source and the magnifying glass icon in the field can be used to search for and select the appropriate combination code. Including the correct **Location** and **Combination Code** not only ensures that the Reported Time is paid by the correct funding source, but that the appropriate Budget Approver receives the Reported Time for Final Payroll Authorization in the approval process.

**Example:** A full time support professional worked two (2) hours of overtime at another school or work location on Monday. The first row shows the regular hours (8.00). The second row shows the overtime hours worked at the other location. (Overtime still uses "REG" as the TRC.) To the far right, the additional fields **Location** and **Combination Code** have the additional information required in order to indicate an alternate funding source for the overtime hours.

9. Once the additional information has been entered, scroll back to the left side of the page to process the transaction.

10. Comments can be added using the speech bubble icon located in the **Reported Time Status** area once the time has been saved.

**Remember:** Comments are viewable by the employee and any users with access to the Absence Request. Comments **cannot** be modified or deleted once entered.

11. Once the transaction has been completed, click the **Submit** button.

Other information is viewable using the tabs and links at the bottom of the page. The **Payable Time** tab displays the current status of Time entered in an employee’s Timesheet at the bottom of an employee’s Timesheet. Comparing the Timesheet and Payable Time areas can help to determine whether a problem was caused by an incorrect entry in the Timesheet, or if the information was not correctly routed to Payroll for processing.

However, it is **not** recommended to add, edit, or update items/events from these tabs. Adding, editing or updating items/events should be done under the **Team Time/Absence** tile.

**IMPORTANT!**  
 When entering any Time for a Support Professional or School Police employee, there **always** has to be a row to account for their regular hours when reporting Time. (Exception: The TRC-Comp Time Taken is used and equals the full regular hours, or additional time was worked on a non-scheduled day.) Time entered for a Unified or Certified employee, does not need a row to account for the employee’s regular hours.

For additional resources regarding Timesheet Entry, please visit the [CCSD Employee Business Training](https://training.ccsd.net) website (training.ccsd.net) > Resources > HCM.

## *Substitute Timesheets*

- SmartFind Express will continue to be the absence management system.
- The designated Timekeeper/Level 1 Reviewer must enter the substitute's time on the timesheet. It must be reviewed for accuracy and then processed through the approval chain.
- Substitute employees (both sub teachers and support professional subs) require that a Location be entered on their Timesheet otherwise, the sub will not be paid for the Time that is being entered, as it will not be routed anywhere for approval. Whenever Time is entered for a substitute, the site's four-digit location code must be enter in the Location field. This will not affect your location's budget for the Time being paid.
- When entering Time for support professional substitutes, it is important to select the correct job title since this determines the rate of pay. (All support professional substitutes use the TRC of SUBS - Substitute Pay - Support.
- When entering Time for substitute teachers, it is important to select the correct TRC since this determines the rate of pay. Refer to the Pay Rate Summary with TRCs for Substitutes chart for more detailed information (available on [training.ccsd.net](http://training.ccsd.net) > Resources > HCM > Time and Absence heading).

For additional examples of other Time Reporting Codes and information regarding substitute timesheets, please visit the [CCSD Employee Business Training website \(training.ccsd.net\)](http://training.ccsd.net) > Resources > HCM.

## Team Time/Absence Tile

The **Team Time/Absence** tile is where Level 1 Reviewers and Level 2 Approvers can submit Absence Requests on an employee's behalf, cancel existing Absence Requests, view a history of Absence Requests for each employee, access a daily or weekly view of all employees' Reported Time and Requested Absences, etc. Select the **Team Time/Absence** tile from **Manager Self Service** to display the page.

## Report Time on Behalf of an Employee Daily View

The **Report Time** tool is used to report time on behalf of an employee on a daily basis. However, it will only allow one date at a time to be entered and does not feature the ability to add multiple rows at once. After selecting the **Team Time/Absence** tile, click the **Report Time** option from the left side panel to display this page then search for the employee and enter the time for a specific day.

## Weekly Time Summary

The **Weekly Time Summary** tool is used to view the weekly time of employees. After selecting the **Team Time/Absence** tile, click the **Weekly Time Summary** option from the left side panel to display the **Weekly Time Summary** page.

Click the **Get Employees** button or select the **Filter** button to search for specific criteria. (If all the employees are not displayed, the **Filter** may need to be cleared and reset.)

## Payable Time

The **Payable Time** tool is used to view the payable time of an employee after the payroll process (time administration) is complete. After selecting the **Team Time/Absence** tile, click the **Payable Time** option from the left side panel to display the page.

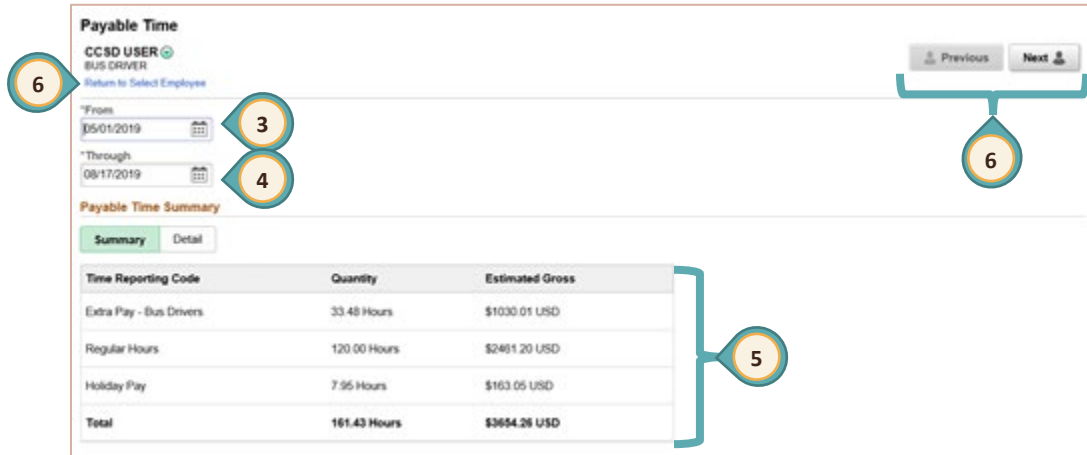

1. Click the **Get Employees** button or select the **Filter** button to search for specific criteria. (If all the employees are not displayed, the **Filter** may need to be cleared and reset.)

2. To view an employee's **Payable Time**, click the employee's name. The employee's **Payable Time** will be displayed based on the default dates.

3. Select the **\*From** date from the calendar for the desired date range.
4. Select the **\*Through** date from the calendar of the time period to view.
5. The updated **Payable Time** will be displayed. (Select the **Details** tab for a daily list of time.)
6. The **Previous** and **Next** buttons can be used to scroll through all employees or click the **Return to Select Employee** link to select another employee from the list.

Time can have the following payable status types:	
Estimated	Time has been submitted/approved; not yet picked up by Payroll for processing
Approved	Time has been approved; not yet picked up by Payroll for processing
Taken by Payroll	Approved Time is being actively processed by the Payroll *Any changes to Time will affect the employee's paycheck
Distributed	Time was authorized by Payroll and was paid via the employee's paycheck *Any changes to Time will result in retro trigger(s)
Closed	Comp Time Earned or Taken has been authorized by Payroll <b>OR</b> could indicate that there was an error with how the Time was routed or processed. (If an entry shows a status of Closed and was not reflected properly in the employee's paycheck, this issue should be reported to Payroll.)

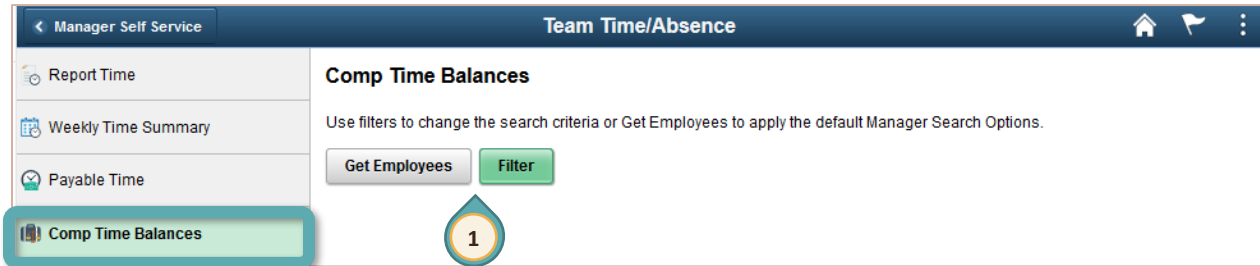

Payable Time Details			
Summary		Detail	
Date	Time Reporting Code	Quantity (Hours)	Payable Status
03/13/2020	Regular Hours	8.00	Distributed
03/16/2020	Emergency Closure	8.00	Approved
03/17/2020	Regular Hours	8.00	Estimated

Payable Time be used with the Timesheet to ensure accuracy. If something is missing or shows incorrectly in Payable Time, check the employee's Timesheet. Comparing the two areas can determine whether the issue was caused by incorrect entry in the Timesheet, or if the information was not correctly routed to Payroll for processing.

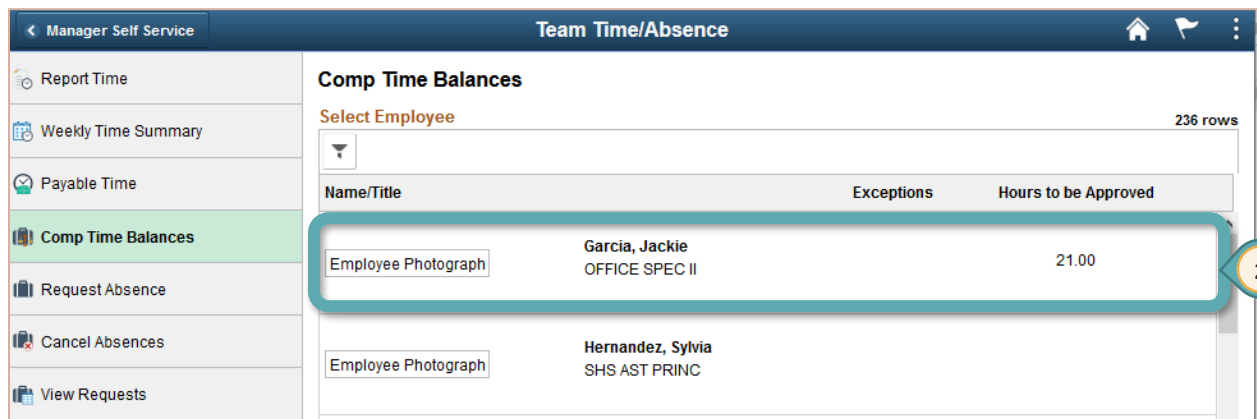

## Comp Time Balances

The **Comp Time Balances** tool is used to view any comp time employees may have earned. After selecting the **Team Time/Absence** tile, click the **Comp Time Balances** option from the left side panel to display the page.

1. Click the **Get Employees** button, or select the **Filter** button to search for specific criteria. (If all employees are not displayed, the **Filter** may need to be cleared and reset.)

2. To view an employee's **Comp Time Balance**, click the employee's name.

3. The employee's **Comp Time Balance** will be displayed if any is available.
4. The **Previous** and **Next** buttons can be used to scroll through all employees, or click the **Return to Select Employee** link to select another employee from the list.

## Requesting an Absence on Behalf of an Employee

The **Request Absence** tool is used to request an absence on behalf of an employee. After selecting the **Team Time/Absence** tile, click the **Request Absence** option from the left side panel to display the page. Please note that an Absence Request cannot be submitted for multiple employees at the same time.

1. Find the employee who needs an absence request submitted by using the **Search Options** tool at the top of the page, or by scrolling through the list.

*Note: Depending on the Absence Name selected, the **FMLA** field may be replaced with the **Grant I/O** field which is where the Grant Number is entered.*

10. Enter any comments in the **Comments** field. The Comment field can be used to enter a justification for the submission of the Absence Request if desired. *Once a comment has been entered, it **cannot** be deleted or modified.*
11. In the **Workflow** section, select an option (Employee or Manager) in the **Request As** drop-down box. It is recommended to use the “Employee” option to enter the Absence Request on their behalf.

The screenshot displays a web form with the following sections and elements:

- Additional Information:** Contains an "FMLA" text input field with a magnifying glass icon, and a "Comments" text area.
- Workflow:** Includes a label "Allow Request By" with the value "Employee and Manager". Below it is a "Request As" dropdown menu currently set to "Employee".
- Balance Information:** Shows "As Of 05/25/2019 220.40 Hours\*\*". Below this are two buttons: "View Balances" and "View Requests", each with a right-pointing arrow.
- Disclaimer:** A small text line at the bottom stating "Disclaimer The current balance does not reflect absences that have not been processed."

Numbered callouts (9, 10, 11) are placed over the FMLA field, the Comments field, and the Request As dropdown menu, respectively.

12. Click the **Submit** button. As with submitting time on an employee’s behalf, submitting an Absence Request for an employee will automatically route the Absence Request to the next level of the approval workflow.

For example, a Principal can submit a day of sick leave on behalf of a teacher. The Principal’s Level 2 access would automatically grant final payroll authorization to the Absence Request, and he/she would not need to return to the **Approvals** tile to approve it.

If the **Submit** button is clicked before the **Check Eligibility** button, a warning message will appear stating, “You must **forecast** [check eligibility] this absence before submitting.”

## Canceling an Absence on Behalf of an Employee

The **Cancel Absence** tool is used to cancel an absence request on behalf of an employee. After selecting the **Team Time/Absence** tile, click the **Cancel Absence** option from the left side panel to display the page.

1. Find the employee who needs an absence request cancelled by using the **Search Options** tool at the top of the page or by scrolling through the list.
2. Click the employee's name to view any Absence Requests that are eligible for cancellation. This will display the status of any requests that may have already been submitted or approved, including those from prior pay periods as well.

Cancelling an Absence Request follows the same approval workflow as entering Reported Time or submitting an Absence Request on an employee's behalf. Once the request has been cancelled by a Level 1 or Level 2 user, the cancellation is routed back to the person that entered the absence.

Cancelling a request may be a useful alternative to using "Pushback" in the **Approvals** tile since "Pushback" sends the Absence Request back to the employee. If the employee is unable to make the changes through their ESS, a Level 1 or Level 2 user may cancel the Absence Request and resubmit it on the employee's behalf.

The **View Requests** tool is used to see a history of Absence Requests submitted by, or on behalf of an employee. After selecting the **Team Time/Absence** tile, click the **View Requests** option from the left side panel to display the page. The list will include any requests regardless of the status. Because this is a view-only tool, Absence Requests cannot be approved, pushed back, or cancelled from the **View Requests** area.

1. Find an employee by using the **Search Options** tool at the top of the page or by scrolling through the list.
2. Click the **Employee's Name** to view their **Absence Requests**.

The screenshot shows the 'Manager Self Service' interface. The top navigation bar includes 'Team Time/Absence'. The left sidebar contains various options, with 'View Requests' highlighted. The main content area is titled 'View Requests' and features a search section (1) with a search bar and a date selector. Below this is a table titled 'Select Employee' with 218 rows. The table has columns for 'Name / Title / ID - Record', 'Status', and 'Job Code / Position / Location'. Two rows are visible: one for Jane Smith and one for Ronald James. If the approved Absence Request was created by the employee and then is cancelled, it is returned to the employee to edit via View Requests in ESS > Time/Absence. (This applies even if the Manager (Level 1 Reviewer or Level 2 Approver) was the one who cancelled the request.)

However, if the approved Absence Request was created by a Manager (Level 1 Reviewer or Level 2 Approver) and then is cancelled, the Manager may edit the request via View Requests in MSS > Team Time/Absence. (The employee cannot edit the request.)

## Absence Balances

The **Absence Balances** tool is used to view an employee’s current leave balances, or forecast how much of a certain leave type the employee will have accrued by a future date. ## Manage Exceptions

The **Manage Exceptions** tool is used to view any outstanding **Exceptions** for the site. An exception occurs when time that has been entered may not be valid. The total number of exceptions is displayed on the **Team Time/Absence** tile.

After selecting the **Team Time/Absence** tile, click the **Manage Exceptions** option from the left side panel to display the page.

A screenshot of the "Manager Self Service" interface. The main header is "Team Time/Absence". On the left is a navigation menu with options like "Report Time", "Weekly Time Summary", "Payable Time", "Comp Time Balances", "Request Absence", "Cancel Absences", "View Requests", "Absence Balances", and "Manage Exceptions" (which is highlighted). The main content area is titled "Manage Exceptions" and has three tabs: "Fix (3)", "Allow (0)", and "All (3)". Below the tabs is a table of exceptions.

TLX01770 - Reported time in Prior Period	01/10/2018	>

If an **Exception** appears under the **Fix** tab, it must be corrected on the employee's timesheet before the Reported Time can be routed for payroll authorization.

If the **Exception** appears under the **Allow** tab, the Reported Time can be allowed so that it can be routed for payroll authorization.

Exceptions can also be filtered to search for specific criteria using the filter tool.

Although some exceptions are allowed, it is recommended that supervisors review these before approving potentially questionable requests.

## Reporting Locations

The **Reporting Locations** tool is used by MSS users with employees at *multiple locations*. After selecting the **Team Time/Absence** tile, click the **Reporting Locations** option from the left side panel to display the page.

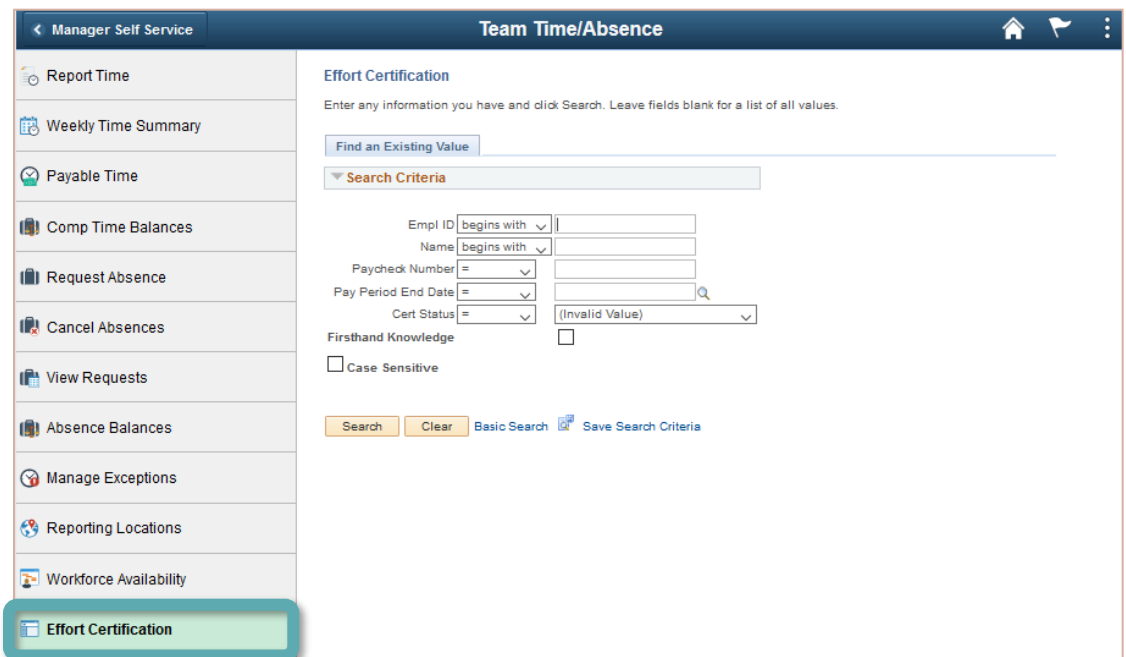

After clicking this option, the **Team Time/Absence** menu on the left will collapse and appear as a yellow ribbon on the left side of the screen, and a new panel of options appears. However, the default **Team Time/Absence** menu is still present. Clicking the yellow ribbon expands the original menu.

## Effort Certification

The **Effort Certification** option is used to monitor federally-funded CCSD employees who are required to use the **Employee Effort Certification** feature in ESS. After selecting the **Team Time/Absence** tile, click the **Effort Certification** option from the left side panel to display the page.

*Detailed instructions for employees are located on [training.ccsd.net](http://training.ccsd.net) > Resources > HCM.*

## Workforce Availability

The **Workforce Availability** tool provides both a daily and weekly view of all scheduled employees at the site, as well as any Reported Time and/or Absence Requests that they may have in the HCM System. After selecting the **Team Time/Absence** tile, click the **Workforce Availability** option from the left side panel to display the page.

After clicking the option, the **Team Time/Absence** menu on the left will collapse and appear as a yellow ribbon on the left side of the screen, and a new panel of options appears. However, the default **Team Time/Absence** menu is still present. Clicking the yellow ribbon expands the original menu.

By default, the calendar shown is set to a **Daily Time** view, but this can be changed to **Weekly Time**. Once the daily or weekly view is chosen, toggle through the different dates or date ranges shown by clicking the left and right arrow buttons at the top of the screen. A specific date can be chosen by clicking the word **Today** while in the daily view, or a date range can be selected while in the weekly view.

The screenshot shows the 'Workforce Availability' tool interface. At the top, there's a navigation bar with 'Manager Self Service' and 'Team Time/Absence'. Below that, a date selector is set to 'Today'. On the left, a sidebar is expanded, showing options like 'Scheduled' (162), 'No Show' (0), 'Schedule Deviation' (0), 'Not Scheduled' (0), 'Elapsed' (0), and 'Away from Work'. The main content area displays a table of employee availability for 'Today'.

Rogers, Christopher 702/555-1212 Elapsed Reporter													0.00	8.00

In the additional menu that now appears on the left side of the page, there are options that, when selected, can change the information displayed. **Scheduled** will show the total of all employees that are scheduled to work during the day or week displayed. **Schedule Deviation** will display any differences between scheduled and actual hours.

**Away from Work** is an expandable menu that allows only specific types of absences to be viewed: **Unapproved Absence** (an Absence Request that has been submitted but not approved), **Approved Absence** (any Absence Requests that have already gone through the Level 2 approval process), **Training**, and **Comp Time Off**.

## Daily View

In the **Daily Time** view, a list of all employees at the location for the given date, as well as a timeline at the top of the page, will be displayed. If an employee has any Time Off or Reported Time, there will be verbiage indicating this next to the “Elapsed Reporter” label. Select that particular employee to view the details such as Absence Name, Duration, and Balance.

## Mass Time Entry

The **Mass Time** option is used to enter for Licensed Employee Preparation Buyouts. After selecting the **Team Time/Absence** tile, click the **Mass Time** option from the left side panel to display the page.

1. Click **Get Employees**. Employees will appear at the bottom of the page.
2. Choose employees from the list by clicking on the clear box next to the employee names. Make sure you are choosing the correct empl record (example prep buyout job)
  - To view additional employees, click the View link or the left and right arrow buttons to move to the next page of the list.

3. Click **Next**.
4. Choose your date range by clicking on the calendar in the **Date** field or **From** and **To** fields.
5. In the box labeled “**How do you want to report time?**” window **ONLY CHOOSE Specify one or more transactions to be applied to each day in the time period**.
  - Note: Do NOT check Include Off Days in Schedule.

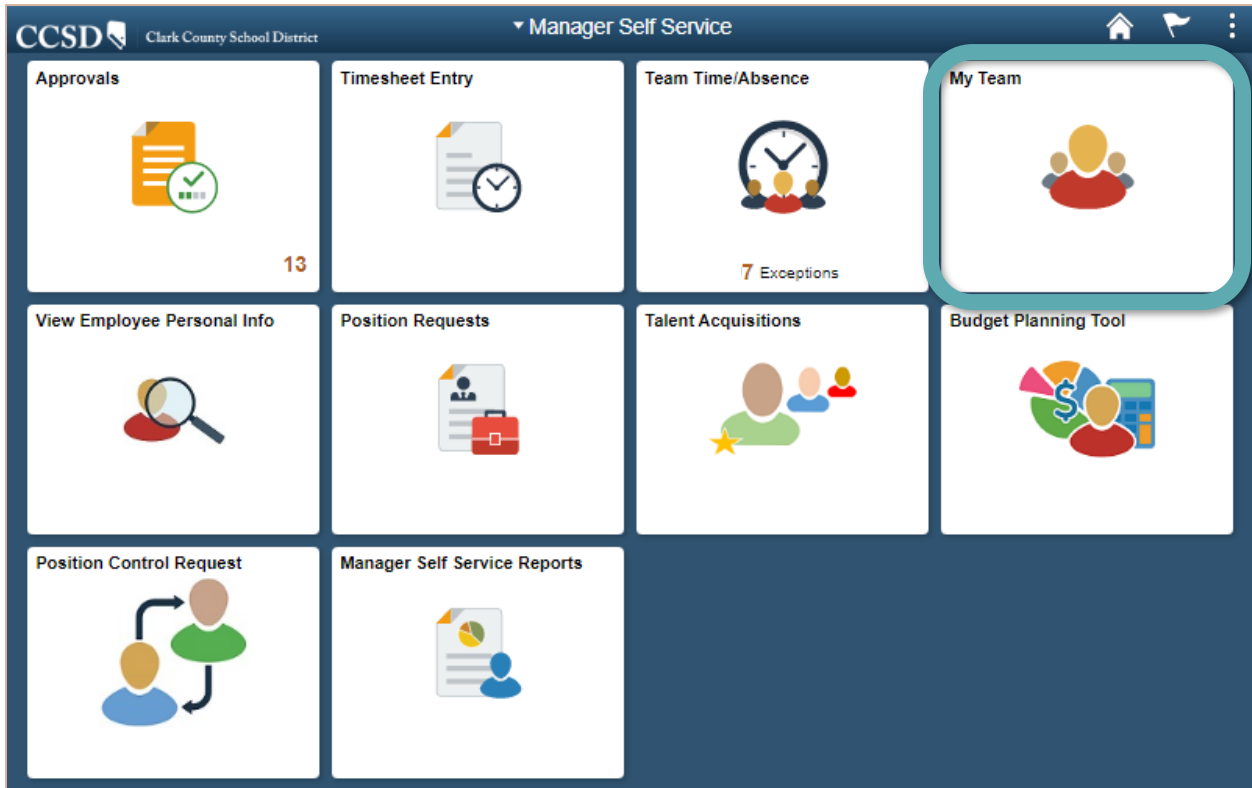

**How do you want to report time?** ?

- Report time for selected TRC using scheduled hours**  
This will use the schedule to report time for the specified range of days.  
The time reporter must be assigned to a schedule in order to report time using this option.
- Report time for selected TRC for the specified number of hours**  
For example, if 40 is entered, then 40 hours would be distributed according to the schedule.  
The time reporter must be assigned to a schedule in order to report time using this option.
- Specify one or more transactions to be applied to each day in the time period**  
For example, assign 8 hours of Regular and 2 hours of Overtime to each day in the indicated time period.
  - Include Off Days in Schedule**

6. Click **Next**.
7. Taskgroup **NOT** required.
8. Choose the appropriate Time Reporting Code (for example **PREPB-Preparation Time Buyout**) from the drop-down.
9. Add a quantity in hours.
  - For a normal prep time of 50 minutes, enter 0.83.
  - Any prep time over 1 hour, use the **Decimal Matrix** to enter time.
10. Click **Submit**.
11. Go to the **Timesheet Entry** tile, review the employee timesheet to verify that time entered is correct. Make necessary changes and submit. Approval required by Level 1 and 2.

## My Team Tile

The **My Team** tile can only be accessed by MSS users who have **Direct Reports** (managers who have employees that report to them in the system’s organizational structure) in the HCM System. This tile will display general employee information (such as their department and location, contact information, etc.), as well as compensation information and leave balances. (If the tile is selected by an MSS user who does not have any Direct Reports, no employee data will be shown and a message stating, “No direct reports” will be displayed.) Select the **My Team** tile from **Manager Self Service** to display the page.

## My Team Summary

When the **My Team** tile has been selected, it displays the **Summary** information of the manager’s direct reports in the **Grid View**. This information can also be displayed in a **Card View**.

The **Grid View** displays the following:

Name / Title	Directs / Total	Department / Location	Email / Phone	Today's Status
Hill, Christine		HCM Location 1	xxxxxxx@nv.ccsd.net	
ADMIN SCH SEC		HCM Location 1	702/555-1212	

From the **Card View**, click the **More Information All Cards** button to display compensation information.

## View Employee Personal Info Tile

The **View Employee Personal Info** tile can only be accessed by MSS users who have **Direct Reports** (managers who have employees that report to them in the system’s organizational structure) in the HCM System. This tile provides access to view information for employees at the school or work location including: home and mailing addresses, email addresses, phone numbers, emergency contacts, and birthdays. Select the **View Employee Personal Info** tile from **Manager Self Service** to display the page. *(MSS Users without Direct Reports can view most of this information (especially the emergency contact information) from the **Personal Information Report** in the **Manager Self-Service Reports** tile.)*

Click the **Select** button next to an employee’s name to see their basic job and personal information (such as their employee ID, position, or job code).

Information showing the employee's home and mailing addresses, email addresses, phone numbers, emergency contacts, or birthday can be viewed.

5. A combination code may be needed. Enter your combination code by clicking on the **ChartField Details** hyperlink. The combination code is a nine-digit account code string made up of *Fund, Cost Center, Internal Order, Grant, GL Account, Program, Function, and Work Location*. The combo code is used to enter the appropriate budget coding to ensure that the position is paid by the correct funding source. Click the magnifying glass icon in the field to search for and select the appropriate combination code or you can type directly into the field if you looked it up on the [Combo Code Lookup](#) Tool. Including the correct combo code can expedite your position request approval. Please contact your budget analyst for appropriate combination code if necessary.
6. If you need to split fund the position with additional combo codes, click the **+ (plus sign)** to add an additional row. Enter the percentage split in the **Percent of Distribution** field (i.e. split funding between two combo codes; combo code 123456789 60% and the second combo code 234567891 40%). Your percent total needs to equal 100%.
7. In the **Route to Reviewers**, select the **Role Name** where the position request will be routed to for notification only – not approval routing. If Grants, Special Ed, Title 1, Bond Funds are funding your request, etc. selecting the appropriate role can notify the department to provide the combo code for the position.
8. *Optional:* In the **Requestor Comments** section, enter any comments pertinent to the request in the box.
9. After the position information has been entered, click the **Save** button. This does not submit your request. This function only saves the data you have entered.
10. When the position is ready to be submitted for approval, click the **Submit for Approval** button.
11. To cancel a request, click the **Cancel** button.

The screenshot displays two main sections: 'Chartfield Information' and 'Route to Reviewers'. The 'Chartfield Information' section contains a table with columns for 'ChartField Details', 'Combination Code', 'Description', and 'Percent of Distribution'. A callout '5' points to the 'ChartField Details' hyperlink. A callout '6' points to the 'Percent of Distribution' input field, which includes '+' and '-' buttons. A callout '8' points to the 'Requestor Comments' text area. The 'Route to Reviewers' section features a dropdown menu for '\*Role Name' with a callout '7' pointing to it, and '+' and '-' buttons. At the bottom, there are three buttons: 'Save' (callout '9'), 'Submit for Approval' (callout '10'), and 'Cancel' (callout '11').

## Checking the Approval Chain & Status of Position Requests

- A. After selecting the **Position Requests** tile, click the green **Search** button.

- B. The search results of previously submitted items will be displayed. Click on the position to see the details.

## Talent Acquisitions Tile

The **Talent Acquisitions** tile allows users to access **Taleo (Talent Management Suite)**.

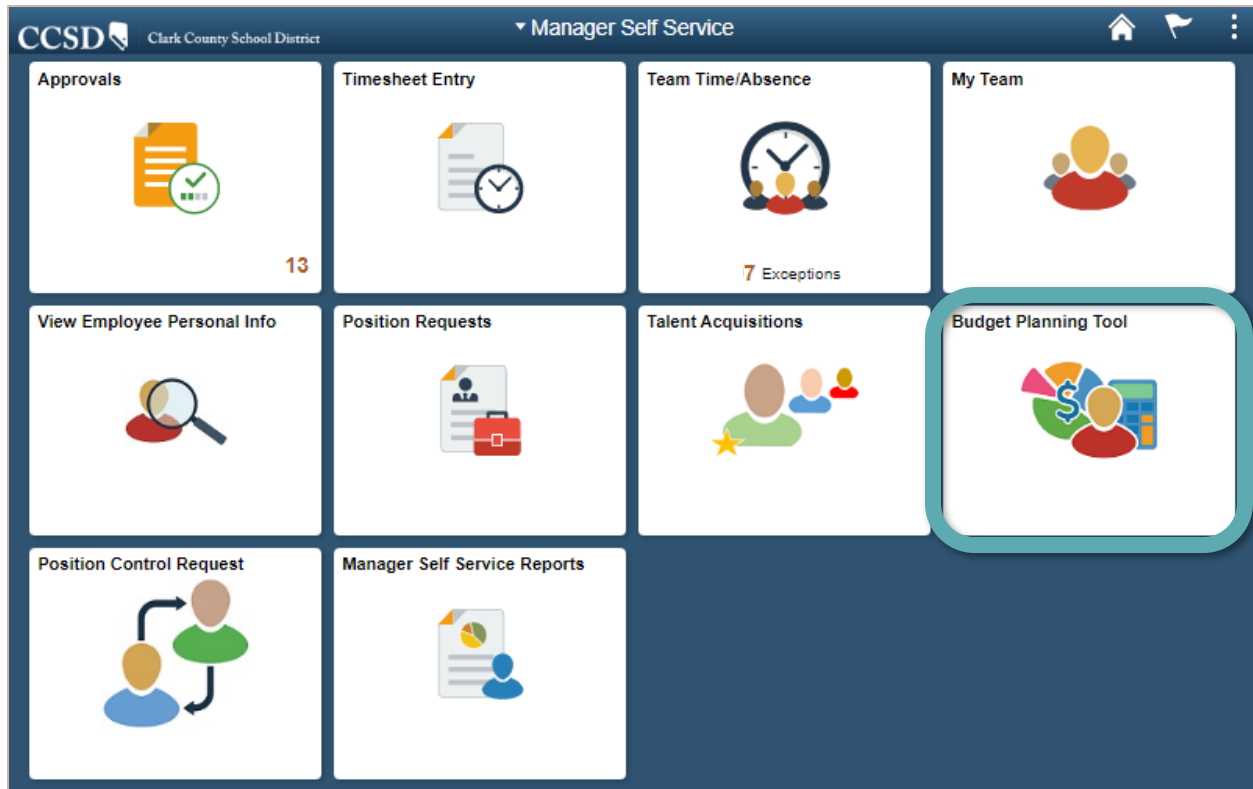

Administrators/Hiring Managers can create requisitions, screen candidates, or make job offers, etc. on the Taleo website.

For detailed training information about using Taleo, please visit the [CCSD Employee Business Training](https://training.ccsd.net) website (training.ccsd.net) > Resources > HCM.

## Budget Planning Tool Tile

Selecting the **Budget Planning Tool** tile will link authorized users to the **Planning and Budgeting Cloud Service (PBCS)** login page to access the School Budget Planning tool.

Administrators can access and manage their school budget.

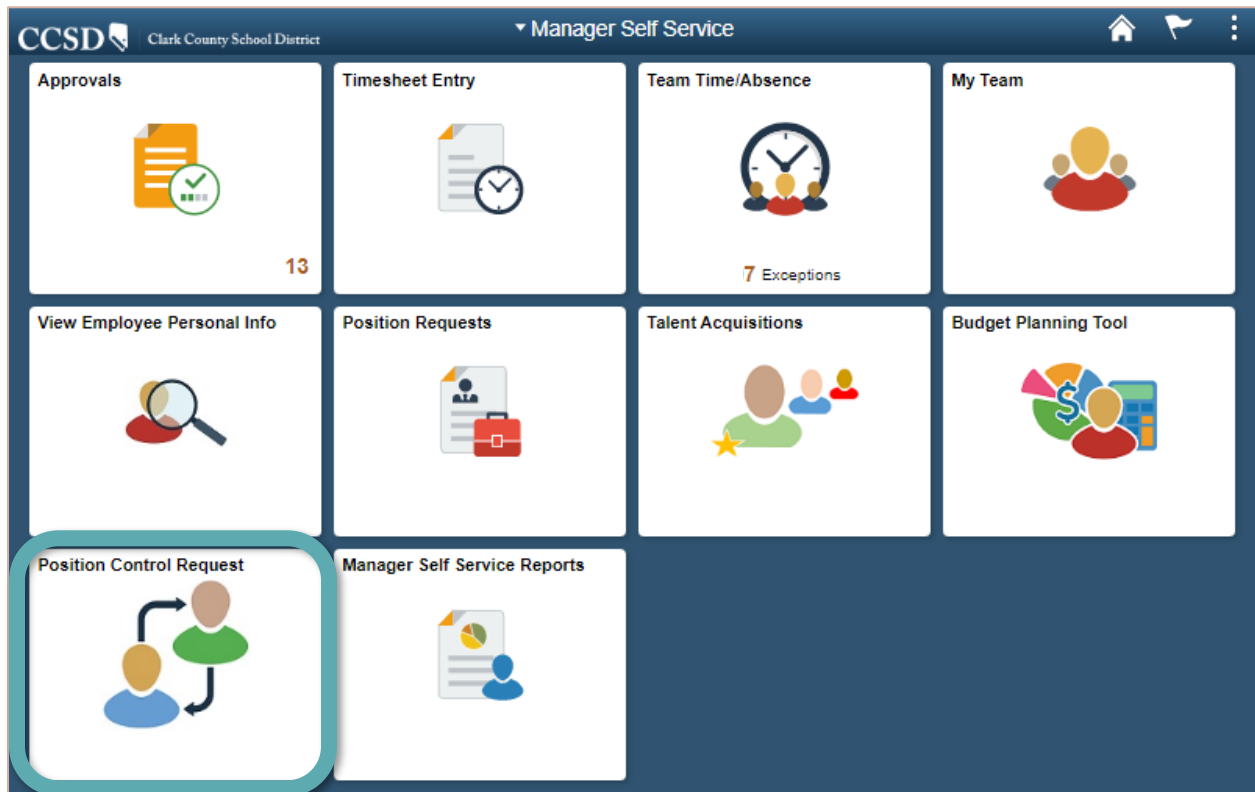

The CCSD Budget Planning Tool Essentials training is available on [Enterprise Learning Management System-ELMS](https://learn.ccsd.net) website ([learn.ccsd.net](https://learn.ccsd.net)).

## Position Control Request Tile

The **Position Control Request** tile is to be used to modify positions currently at the location. For example, a position may need to be modified due to a change in the position's hours. This tile is to be used by departments year round and schools when they are off-cycle from budget planning. Select the **Position Control Request** tile from **Manager Self Service** to display the **Position Control** page.

\*\*Prior to starting this process, ensure that the position number being utilized for the **Position Control Request** has been approved. If not approved, it will not be allowed.

1. After selecting the **Position Control Request** tile, click the **Add a New Value** tab to display the following page.

A screenshot of the Position Control page. At the top, it says "Position Control" and "Enter any information you have and click Search. Leave fields blank for a list of all values." Below this are two tabs: "Find an Existing Value" and "Add a New Value". The "Add a New Value" tab is selected and circled in red with the number "1". Below the tabs is a "Search Criteria" section with a dropdown menu set to "Request ID" and a text input field for "begins with". There are "Search" and "Advanced Search" buttons. At the bottom, there are links for "Find an Existing Value" and "Add a New Value".

2. To enter the **Empl ID**, select the magnifying glass icon and select the Empl ID for the position to be modified.
3. The **Empl Record** defaults to “0,” which is typically the primary job. (A job 2 would typically be displayed as Empl Record “1,” a job 3 would typically be displayed as Empl Record “2,” and so on.) Select the magnifying glass icon to view the available Empl Record values.
4. Click the **Add** button.

The screenshot shows the 'Position Control Request' interface within 'Manager Self Service'. At the top, there are navigation icons for home, a flag, and a menu. Below the header, there are buttons for 'Find an Existing Value' and 'Add a New Value'. The main form area contains the following elements:

- Request ID NEW**: A label above the first input field.
- Empl ID**: An input field with a magnifying glass icon to its right, circled with a blue '2'.
- Empl Record**: An input field containing the value '0' and a magnifying glass icon to its right, circled with a blue '3'.
- Add**: A yellow button circled with a blue '4'.
- At the bottom of the form area, there are links for 'Find an Existing Value' and 'Add a New Value'.

5. Enter the **Effective Date** of the request.
6. Enter the **Position Number** that the employee is being assigned to, or search by selecting the magnifying glass. (The “%” is the wild card search.)
7. Enter the following information on the position if the attributes of the existing position are changing:

Field Name	Description
<b>Regular Shift</b>	Leave as “ <b>Not Applicable</b> ” - these are specialized calendars developed by the Human Resources Division.
