RE-SUBMITTING A CANCELED ABSENCE REQUEST

NOTE: You will only be able to complete the following re-submittal process if:

- You initiated the Absence Request via ESS.
(If you canceled an Absence Request that was submitted on your behalf by a Timekeeper, your Level 1 Reviewer, or your Level 2 Approver {which will show **Manager Absence Request** when viewed}, then the Request will need to be re-submitted by your Level 1 Reviewer or Level 2 Approver).
- Your cancelation has been approved. If you have canceled an Absence Request that was already approved by the Level 1 Reviewer and Level 2 Approver, then the Level 1 Reviewer and Level 2 Approver will need to approve the cancelation before you have the ability to re-submit.

UPDATE: If you need to resubmit the canceled absence with a **new Absence Name** you will go to **Manage Absence** and submit a new absence for that day. You will not change the original canceled absence as instructed below.

To update a canceled absence that you are **NOT changing the Absence Name**, continue to use the following instructions:

- Select **View Requests** from the menu on the left.

3. You will be shown a list of all Absence Requests and their statuses (Approved, Canceled, Approval in Process, etc.). Locate and select the desired canceled Absence Request by clicking on the **arrow button** on the Request.

In this example the employee used **Partial Days** to modify the **Duration** of the absence. Half day on the last day, also added notes in the comment area.

When making a change to or from partial days you must click on **Partial Days** to make the changes.

NOTE: You must make at least one change to the existing Absence Request in order to re-submit it for approval. If no changes are made, the system will not allow you to re-submit.

What if you have an absence that needs to be re-submitted but no changes are required. Go into the absence, change the date, check eligibility (do not submit) go back to the date and change it back to the correct date, check eligibility again then submit.

- Because you have made changes to the existing Absence Request, you must use **Check Eligibility** to forecast this new absence.
