
Summer Acceleration Pay Procedures in HCM PeopleSoft

Introduction

This guide will provide you with the knowledge you need to enter **Summer Acceleration** employee time in the **Human Capital Management (HCM)** system in order to guarantee correct compensation and funding/coding.

During Summer Acceleration, employees' schedules are **not** pre-loaded in HCM, and therefore any time worked must be manually accounted for via the **Timesheet**. Conversely, if an employee is absent from work, the Absence Request module does **not** need to be utilized. Instead, their time simply is not entered into the Timesheet, meaning that they are not paid for the days or hours missed.

Another important thing to note about Summer Acceleration pay is that, unlike during the regular school year, Licensed employees' time is entered as **hours** rather than **days**.

The Lead Administrators and Assistant Lead Administrators (Administrators) for the Summer Acceleration Program are paid a stipend. Therefore, the site does not need to report time for the Administrators. Each Region was emailed an Excel spreadsheet for the Summer Acceleration Program to track the Administrators assigned to their Region. Human Resources (HR) will process the administrator stipend, which HR has requested for the Region to submit the spreadsheet by **Friday, July 2, 2021**, so that the stipend can be entered in a timely manner, to be paid on the **July 23, 2021** pay date.

Finally, Substitute employees (both Licensed and Support Professional) are paid the same way for Summer Acceleration that they would be paid during the regular school year. Therefore, there are no differences in how their time is entered on the Timesheet.

For more detailed information on Timesheet Entry, please review the **Timesheet Entry** section of the **Timekeeper Essentials Manual** (located via training.ccsd.net > *Resources* > *Human Capital Management - HCM tab*).

Entering Summer Acceleration Time on the Timesheet

To enter Summer Acceleration time for an employee, you must first locate their Timesheet in HCM.

1. After logging into HCM and selecting the **Manager Self Service (MSS)** dashboard, click the **Timesheet Entry** tile.

2. Use the **Search** area to locate your employees. In the **Location Code** field, enter your Summer Acceleration site's four-digit location code (such as "0411"). If you want to list all employees at your site at once (so that you may enter their time worked en masse), click **Get Employees**.

Please note: If you are looking for a specific employee, you can also enter criteria such as their First or Last Name, or their Employee ID. When all desired search criteria is entered, click **Get Employees**.

Below the title is an 'Employee Selection' section with a table of search criteria. The 'Location Code' field is highlighted with a red box and contains the value '0411'. To the right of the table are three buttons: 'Get Employees' (highlighted with a red box), 'Clear Criteria', and 'Save Criteria'.

Please note: Summer Acceleration compensation must be entered on the employee's **Primary Job**. For example, if a teacher has two employee records (*Grade 4* and *Prep Buyout*), the Primary Job is the *Grade 4* position. For Support Professionals, the Primary Job will be the employee record with the most **hours** assigned.

11. You can click the **Return to Select Employee** link (beneath the Timesheet grid) to be brought back to the list of results and continue updating other employees' Timesheets accordingly.

Timesheet Corrections

Timesheet corrections require that the incorrect time is first **deleted** on the Timesheet. Changes to existing entries on the Timesheet are **not** recognized in the system.

1. You can correct by Day, Week, or Pay Period by changing the ***View by** section on the Timesheet. Choose the desired date, click the **refresh** arrows, and then the Timesheet will update to the requested view accordingly.

2. Scroll to the far right on the Timesheet and click the **minus** sign next to the affected row.

3. In the confirmation screen that appears, click **Yes - Delete**.

4. You are returned to the Timesheet grid. Click **Submit** to re-submit the Timesheet (now that the deletion has been made).

Please note: If you do not click Submit, the Timesheet will **not** update.

5. Now that the incorrect row has been deleted, you may now add the correct information to the Timesheet, and then submit it for approval.

User tip: You can choose to add the corrected row to the employee's Timesheet (by clicking the **plus** button to add a row) *before* deleting the incorrect row and re-submitting the Timesheet if this is more helpful.

KIDS Program Prep Buyouts

If you need to enter time for an employee with a KIDS Program Prep Buyout, this will be done via the **electronic C5 form**. The KIDS Prep Buyout information is **not** entered in the HCM Timesheet. Instead, a *paper* timesheet ([Extra Pay Time Sheet](#), which can be found on the CCSD Training website via **Resources > Human Capital Management – HCM** tab), signed by the site administrator and the employee, must also be attached to the form for approval.

Add-on Days for Counselors, Librarians, and Other Allowed Licensed Employees

Counselors, Librarians, and other allowed Licensed employees (such as a Nurse) receiving add-on days on a CCF-100 and CCF-100.1 should **not** receive Timesheet entry for the days reported on the CCF-100.1. For example, if a Counselor had an add-on day on June 1st, this would *not* be entered using the TRC of “SUMSC” for the time worked.

Additional Resources

If you encounter issues or have questions while entering information on the Timesheet, please utilize **Quick-IT** (via the **icon** on your CCSD desktop or via quickit.ccsd.net) to send a support ticket to the appropriate team.
