Secondary Summer School Pay Procedures in HCM PeopleSoft

Introduction

This guide will provide you with the knowledge you need to enter **Secondary Summer School** employee time in the **Human Capital Management (HCM)** system in order to guarantee correct compensation and funding/coding.

During Secondary Summer School, employees' schedules are **not** pre-loaded in HCM, and therefore any time work must be manually accounted for via the **Timesheet**. Conversely, if an employee is absent from work, the Absence Request module does **not** need to be utilized. Instead, their time simply is not entered into the Timesheet, meaning that they are not paid for the days or hours missed. Do **not** enter time until the actual day is worked. As this is positive pay, this will avoid confusion and issues with overpay.

Another important thing to note about Secondary Summer School pay is that, unlike during the regular school year, licensed employees' time is entered as **hours** rather than **days**.

The Lead Administrators and Assistant Lead Administrators (Administrators) for the Summer Acceleration Program are paid a stipend. Therefore, the site does not need to report time for the Administrators. Each Region was emailed an Excel spreadsheet for the Summer Acceleration Program to track the Administrators assigned to their Region. Human Resources (HR) will process the administrator stipend, which HR has requested for the Region to submit the spreadsheet by **Friday, June 23, 2023**, so that the stipend can be entered in a timely manner, to be paid on or before the **July 25, 2023** pay date.

If you need to site fund your Assistant Lead Administrator due to enrollment falling below 400, please complete an <u>Online Budget Transfer</u> from "General Supplies" to "Extra Duty-Administrator." A combo code has been created for Extra Duty-Administrators for each school. If a school has the budget to cover the cost, please provide the combo code to the Administrative Compensation Team in Human Resources.

Finally, Substitute employees (both Licensed and Support Professional) are paid the same way for Secondary Summer School that they would be paid during the regular school year. Therefore, there are no differences in how their time is entered on the Timesheet. See the combo code chart at the end of this document.

For more detailed information on Timesheet Entry, please review the **Timesheet Entry** section of the **Timekeeper Essentials Manual** (located via *training.ccsd.net* > *Resources* > *Human Capital Management* - *HCM tab*).

Entering Secondary Summer School Time on the Timesheet

To enter Secondary Summer School time for an employee, you must first locate their Timesheet in HCM.

1. After logging into HCM and selecting the Manager Self Service (MSS) dashboard, click the Timesheet Entry tile.

 Use the Search area to locate your employees. Enter the Employee ID, or you can also enter criteria such as their First or Last name in the search field. Click Get Employees.
Once you have identified the desired employee in the search results click their Last Name.

3. The search results are displayed beneath the Search area. To select the desired employee, click their **Last Name**.

Please note: Secondary Summer School compensation must be entered on the employee's *Primary Job*. For example, if a teacher has two employee records (*Grade 4* and *Prep Buyout*), the Primary Job is the *Grade 4* position. For Support Professionals, the Primary Job will be the employee record with the most **hours** assigned.

4. This brings you to the employee's Timesheet. You can change the view of the Timesheet grid by using the *Select Another Timesheet* area. In the ***View By** drop-down menu, select the **Week** view, and update the ***Date** field to enter the desired date(s). Click the **Refresh** icon next to the *Date field to update the view of the Timesheet.

5. Now that the incorrect row has been deleted, you may now add the correct information to the Timesheet, and then submit it for approval. IMPORTANT: If the incorrect time reported is deleted from the timesheet and a corrected TRC is not reported, please notify the employee of the appropriate payroll docking. If the incorrect time reported is deleted and replaced with the correct TRC, please ensure the new TRC is approved by level 1 and level 2 immediately to prevent any pay related issues.

User tip: You can choose to add the corrected row to the employee's Timesheet (by clicking the **plus** button to add a row) *before* deleting the incorrect row and re-submitting the Timesheet if this is more helpful.

Add-on Days for Counselors, Librarians, and Other Allowed Licensed Employees

Counselors, Librarians, and other allowed Licensed employees (such as a Nurse) receiving add-on days on a CCF-100 and CCF-100.1 should **not** receive Timesheet entry for the days reported on the CCF-100.1. For example, if a Counselor had an add-on day on June 1st, this would *not* be entered using the TRC of "SUMSC" for the time worked.

Additional Resources

If you encounter issues or have questions while entering information on the Timesheet, please utilize **Quick-IT** (via the **icon** on your CCSD desktop or via **quickit.ccsd.net**) to send a support ticket to the appropriate team. You may also call the **User Support Help Desk** at **(702) 799-3300** for a ticket to be created.
